This is your ACADEMY

Experience growth in a highly **interactive** learning set-up. Connect with like-minded international professionals in **small groups**. Get coached by experienced, **certified trainers** and build an impactful toolset.

Our **2-day Core Modules** are a great starting point for your development journey. We offer different modules for individual contributors, emerging and experienced leaders.

Our Crispy **1-day training** formats are focussed on specific topics. Choose the topics that you want to learn more about, build your expertise and leave with some cool tools.

In addition to our Focus Modules, conducted by our Crispy trainers, we invite **amazing experts** that will teach you a special topic or skill.

**Core
Modules**

**Individual
Coaching**

**Focus
Modules**

**Team
Workshops**

**Master
Classes**

To discuss individual topics, we offer **individual coaching packages**. In our coachings, you will find a trusted partner for complex business challenges and personal development.

Our trainers can support you to work on **team-specific topics** (like Team Purpose, Vision, Communication...) or connect in a team-building coaching.

Mix and MATCH

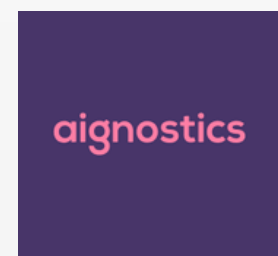

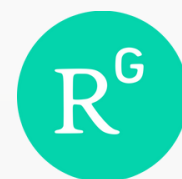

Start with one of our core modules and dive deeper into topics of your choice. We also added some amazing Masterclasses, run by our favorite **experts** in their field. Our courses are based on the latest **scientific findings, focus on your development and true impact.** The tools we will show you are super easy to apply. Our trainers are all **certified** and have **extensive experience in their field.**

All **modules** can be **combined or booked individually.** Standard languages of our open trainings: English in Berlin, German in Köln.

We love TECH

Connect with **like-minded** professionals
from more than 30 tech and other cool
companies in Berlin.

Nice to **MEET YOU!**

We love what we do and do what we love, which is to help leaders and team members become the best version of themselves and be happy at work.
